Vidya Pratishthan's Polytechnic College, Indapur Green Campus Policy

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

College Environmental Aims & Objectives:

- ❖ The college is striving to develop its institution on a self-sustainable basis in the areas of power, water and cleanliness.
- ❖ The faculty, staff and students have to contribute collectively to develop an eco-friendly, sustainable campus and disseminate the concept of eco-friendly culture to the nearby community and wherever possible.
- ❖ Awareness creations about environmental issues among students and employees including climate change.
- ❖ Measure and reduce environmental emissions/ footprints

In pursuing our program of improved environmental performance, we thrive upon following major areas:
